

# Port Mann/Highway 1 Improvement Project

Surrey

May 6, 2010

## CONSTRUCTION BULLETIN

### Temporary Traffic Pattern Change on 176 Street and 104 Avenue

Motorists and residents are advised that on Monday, May 10 and Tuesday, May 11, there will be single lane alternating traffic managed by flag personnel on 176 Street, approximately 300 metres south of the 104 Avenue/176 Street Intersection, from 9 a.m. to 3 p.m. This traffic pattern change is required to clear areas for the future South Fraser Perimeter Road and the 104 Avenue/176 Street Intersection.

Traffic control personnel will be on site to direct traffic during the single lane alternating period. Drivers are reminded to obey posted construction speeds and watch for both information signs and flag personnel.

*A key goal of the PMH1 project is to maximize predictability during construction and minimize disruption for commuters, goods movers, residents and the public. Construction updates will be issued regularly as the project progresses. If you have any questions, or if you would like to be added to our distribution list to receive project updates, please use the contact information below.*

#### The Project

The **Port Mann/Highway 1 Improvement Project** is part of the Ministry of Transportation and Infrastructure's Gateway Program, which will improve roads and bridges for people, goods and transit throughout Metro Vancouver. The project is being delivered by Transportation Investment Corporation with Kiewit/Flatiron General Partnership as the contractor.
