

CONSTRUCTION BULLETIN

Temporary Nighttime Detours - Highway 1 Westbound at Grandview Highway

Travellers are advised to expect construction work that may require nighttime closures and detours of Highway 1 westbound lanes at Grandview Highway between **June 23 and July 8, 2010**. This will allow for construction of new ramps linking the westbound Highway 1 HOV lane to Grandview Highway. These temporary closures will ensure that both construction crews and the travelling public are safe while this necessary construction work takes place.

Detours are planned to take place over these nights between the hours of **midnight and 4 a.m.** All detours will be clearly marked when in operation. (*please note*: dates are subject to change due to weather)

For further details on the detours, please see the diagram below. Please note that when Highway 1 westbound lane closures are in effect, Grandview Highway access will remain open.

Highway 1 westbound detour at Grandview Highway

All traffic pattern changes will be well signed, and drivers are requested to please watch for traffic control personnel, detour road signs and electronic message boards. Motorists are reminded to exercise caution at all times, and to obey all posted construction speeds.

A key goal of the PMH1 project is to maximize predictability during construction and minimize disruption for commuters, goods movers, residents and the public. Construction updates will be issued regularly as the project progresses. If you have any questions, or if you would like to be added to our distribution list to receive project updates, please use the contact information below.

The Project

The **Port Mann/Highway 1 Improvement Project** is part of the Ministry of Transportation and Infrastructure's Gateway Program, which will improve roads and bridges for people, goods and transit throughout Metro Vancouver. The project is being delivered by Transportation Investment Corporation with Kiewit/Flatiron General Partnership as the contractor.
