

Port Mann/Highway 1 Improvement Project

Kiewit/Flatiron Preconstruction Inspection Survey Notification

January 18, 2010

As part of Port Mann/Highway 1 Improvement Project construction, Kiewit/Flatiron General Partnership will continue conducting preconstruction inspection surveys on key properties adjacent to the Highway 1 corridor. Kiewit/Flatiron will send informational letters in advance to property owners, to request access and arrange a convenient time for the survey. If you are not contacted, your property does not require a survey.

The surveys are designed to provide an accurate account of current property conditions prior to significant construction in your area. They are voluntary and free of charge to property owners. Once completed, a copy of the report is available upon request.

If you have any questions, please call the Port Mann/Highway 1 Improvement Project Information Line at **1-866-999-PMH1 (7641)**.
