

Open Houses

Opportunities for Community Input on Phase 2 Pre-Design Options Port Mann/Highway 1 Project

The Ministry of Transportation's Gateway Program invites residents, community organizations and businesses to provide feedback on pre-design options for the Port Mann/Highway 1 Project.

Specific improvements and options for accessing and crossing the highway will be presented for feedback at a series of open houses this fall. Community feedback can be provided by attending the open houses listed below. Consultation materials and an on-line feedback form are also available at www.gatewayprogram.bc.ca.

The Port Mann/Highway 1 Project is part of a larger initiative called the Gateway Program, established to address the growing congestion in the Lower Mainland and to improve the movement of people, goods and transit in Greater Vancouver.

Public input from this consultation will be considered along with technical and financial feedback as the Gateway Program refines concepts and moves into the preliminary design stage. A full environmental review will also follow, and the public will be invited to comment on that as well.

OPEN HOUSE SCHEDULE

CITY	DATE	TIME	LOCATION
